Documentation	Quick Start Guides
100-Word Product Description	The CORSAIR K70 RGB PRO Mechanical Gaming Keyboard delivers an iconic aluminum frame and even better performance, powered by CORSAIR AXON Hyper-Processing Technology and world-renowned CHERRY MX mechanical keyswitches. Win in style with dynamic per-key RGB backlighting, easy to take on the go with a detachable USB Type-C cable. Powerful iCUE software on both PC and macOS enables custom macro programming, key remaps, and more, while dedicated media keys and an aluminum multi-function volume roller offer convenient control over media. With a tournament switch for instant compliance with competition guidelines and onboard storage for up to 50 profiles, the K70 RGB PRO is ready to take on any challenge.
50-Word Product Description	The CORSAIR K70 RGB PRO Mechanical Gaming Keyboard delivers an iconic aluminum frame and even better performance, powered by CORSAIR AXON Hyper-Processing Technology and world-renowned CHERRY MX mechanical keyswitches. Win in style with dynamic per-key RGB backlighting, easy to take on the go with a detachable USB Type-C cable.
25-Word Product Description	The CORSAIR K70 RGB PRO Mechanical Gaming Keyboard delivers an iconic aluminum frame and even better performance, powered by CORSAIR AXON Hyper-Processing Technology.
Product Features (Style 1)	<ul style="list-style-type: none"> The K70 RGB PRO retains the iconic elements of the award-winning K70 RGB with a durable aluminum frame, CHERRY MX mechanical keyswitches, and per-key RGB backlighting, while setting a new bar for performance with AXON technology, PBT double-shot keycaps, and a tournament switch. CORSAIR AXON Hyper-Processing Technology enables a new level of K70 performance, processing and transmitting your inputs up to 8x faster than conventional gaming keyboards with 8,000Hz hyper-polling, 4,000Hz key scanning, and up to 20 layers of hardware RGB lighting processing while maintaining speed performance.

- 100% CHERRY MX RGB Red keyswitches have a linear travel with a silky smooth keypress that's ideal for performance gamers, and are guaranteed for 100 million keystrokes.
- Precision-molded PBT double-shot keycaps with a standard bottom row layout resist wear, fading, and shine, with 1.5mm thickness for rigid stability.
- Flip the tournament switch and focus on winning that crucial game, automatically locking to distraction-free static backlighting and disabling accidental macro activations.
- A detachable braided USB Type-C cable makes the K70 RGB PRO easy to set up and ready to take on the go.
- A magnetic, soft-touch palm rest seamlessly snaps onto the keyboard, with a soft-touch patterned surface for grip and comfort during the longest gaming sessions.
- Dedicated media and function keys control your media, while the signature CORSAIR aluminum roller smoothly adjusts volume levels and is fully programmable in iCUE software to perform custom actions.
- Record macros on-the-fly with a convenient hotkey and save them to FN key combination shortcuts, for easy access to complex actions without sacrificing standard key functionality.
- Store up to 50 onboard profiles with custom macros, actions, and your own unique vibrant RGB lighting effects, driven by AXON with up to 20 lighting layers.
- Powerful CORSAIR iCUE software on both Windows and macOS enables dynamic RGB lighting control, key remaps and macro programming, and exclusive iCUE integrations with select games that turn your entire system's lighting into an extension of the action.
- Full N-key rollover (NKRO) and 100% anti-ghosting ensures that every keypress registers, no matter how fast you play.

Product Features (Style 2)

- **The Legend Continues:** The K70 RGB PRO retains the iconic elements of the award-winning K70 RGB with a durable aluminum frame, CHERRY MX mechanical keyswitches, and per-key RGB backlighting, while setting a new bar for performance with AXON technology, PBT double-shot keycaps, and a tournament switch.
- **Powered by CORSAIR AXON Hyper-Processing Technology:** Enables a new level of K70 performance, processing and transmitting your inputs up to 8x faster than conventional gaming keyboards with 8,000Hz hyper-polling, 4,000Hz key scanning, and up to 20 layers of hardware RGB lighting processing while maintaining speed performance.
- **100% CHERRY MX RGB Red Mechanical Keyswitches:** Have a linear travel with a silky smooth keypress that's ideal for performance gamers, and are guaranteed for 100 million keystrokes.
- **PBT DOUBLE-SHOT PRO Keycaps with Standard Bottom Row:** A precision-molded keycap set with a standard bottom row layout resists wear, fading, and shine, with 1.5mm thickness for rigid stability.
- **Switch on the Competition:** Flip the tournament switch to focus on winning those crucial games, automatically locking to distraction-free static backlighting and disabling accidental macro activations.
- **Detachable Braided USB Type-C Cable:** Makes the K70 RGB PRO easy to set up and ready to take on the go.
- **Magnetic, Soft-Touch Palm Rest:** Seamlessly snaps magnetically onto the keyboard, with a soft-touch patterned surface for grip and comfort during the longest gaming sessions.
- **Dedicated Media Keys and Volume Roller:** Easily control your media at the push of a button, while the signature CORSAIR aluminum roller smoothly adjusts volume levels and is fully programmable in iCUE software to perform custom actions.
- **Onboard Macro Recording with Function Layer:** Record macros on-the-fly with a convenient hotkey and save them to FN key combination shortcuts, for easy access to complex actions without sacrificing standard key functionality.
- **Up to 50 Onboard Profiles:** Save custom macros, actions, and your own uniquely vibrant RGB lighting effects, driven by AXON with up to 20 lighting effect layers.
- **Unite Your Setup:** Powerful CORSAIR iCUE software on both Windows and macOS enables dynamic RGB lighting control, key remaps and macro programming, and exclusive iCUE integrations with select games that turn your entire system's lighting into an extension of the action.
- **Full N-Key Rollover (NKRO) and 100% Anti-Ghosting:** Ensures that every keypress registers, no matter how fast you play.

Specifications

Form Factor	Full-size with numpad
Chassis	Aluminum, black anodized, brushed finish
Colorway	Black
Keyswitches	CHERRY MX RGB Red, linear mechanical, 45g actuation force, 2.0mm actuation distance, guaranteed for 100 million keystrokes
Number of Keys	104-108 (depending on layout part number)
Dedicated Macro Keys	No

	Onboard Macro Recording	Yes, record and save to FN + key combination			
	Backlighting	Individually lit and per-key programmable			
	LED Color	RGB, 16.8 million colors			
	Keycaps	PBT double-shot, 1.5mm thick, backlight compatible			
	Wired Connectivity	USB 3.0 Type-A			
	USB Passthrough	No			
	USB Report Rate	Up to 8,000Hz hyper-polling			
	Matrix	Full key rollover (NKRO) with 100% anti-ghosting			
	Onboard Memory	8MB			
	Onboard Profiles	Up to 50			
	Onboard Lighting	Up to 20 layers of lighting effects			
	Media Keys	Yes, five dedicated hotkeys (play/pause, stop, next track, last track, mute) and volume roller (volume up and down)			
	Brightness Key	Yes			
	Windows Lock Key	Yes			
	Adjustable Height	Yes, two-stage tilt			
	Palm Rest	Magnetic, patterned soft-touch finish			
	iCUE (Software)	Supported in Windows 10 and macOS 10.15			
	Cable	1.82 m / 6 ft, USB Type-C to Type-A, detachable, black, braided fiber			
	Dimensions	444(L) x 166(W) x 40(H) mm / 17.5(L) x 6.54(W) x 1.58(H) in (without palm rest)			
	Weight	1.15 kg / 2.54 lbs (without palm rest)			
	Warranty	Two years			
Package Contents	CORSAIR K70 RGB PRO mechanical gaming keyboard, Detachable USB Type-C to Type-A cable, Magnetic soft-touch palm rest, Safety information, Warranty card
